LoanOnline

Quick overview

- **Amount:** ₱500 - ₱25 000
- **Term:** 1 – 3 months

The screenshot shows the loanonline website interface. At the top, there is a navigation bar with links: Consumer Loans, Online Loans, Lenders, Blog, Contact, and a highlighted 'Filipino' tab. The main heading is 'loanonline'. Below it, a large red banner reads 'Compare loans in just 2 minutes'. To the right of the banner is a graphic of a smartphone displaying a loan calculator interface. The calculator shows '4.500' as the amount, 'Try it yourself' as the input, and '3 Month' as the term. A red button at the bottom of the calculator says 'Get loan proposal'. Below the banner, there are three bullet points: 'Get quick feedback', 'Loan limit up to ₱25,000', and 'Compare loans absolutely free'. At the bottom of the page, there is a pink section with the text 'Find and compare before choosing a loan' and a small paragraph: 'Loanonline helps you find and compare suitable loans from reputable, licensed partners; investment, financial planning and many other optimal solutions.'

A representative example

Loanonline.ph is not a loan provider and does not issue loans from its

own account. Loanonline.ph 's service helps to evaluate verified/trusted lenders in real time with diversified financial products, flexible repayment from 91 to 180 days with minimum APR interest rate of 0% and up to 427%. For example, you apply for PHP 20,000 and choose repayment over 6 months, your monthly payment will be only PHP 5,000 per month, your total cost of the loan will be PHP 2,383 per month (APR = 143%). Loanonline.ph will not charge for using our service. The exact cost of each loan depends on the individual application. You will always receive complete accurate information about the APR and all fees before signing a loan agreement.
